

Family Friendly Easter Games

Easter activities with minimal supplies, but maximum fun for all ages.

Chubby Bunny

How many marshmallows fit in a mouth? Use mini or full-size marshmallows. Either set a time limit or count one by one.

Closest Egg Wins

Place a stuffed chicken or bunny on a hard outdoor surface. Roll or toss hard boiled eggs from a set distance. Closest egg wins.

Pigs in a Blanket

Teams of 2. One teammate is wrapped in a blanket. The other teammate rolls them on the floor around a preset course. Head-to-head or fastest time wins.

Hot Potato Egg

Sit in a circle and start quickly passing around an egg. When the music stops, whoever is holding the egg has to leave the circle. Continue playing until there is a winner.

Fluffy Bunny

Using toilet paper and teams of 2, one player is the wrapper and one is the bunny. Player 1 wraps player 2 in toilet paper to make them fluffy like a bunny. The team with the most covered bunny wins.

Jelly Bean Relay

Each team of 3+ has a bowl of jelly beans they are trying to transfer to an Easter basket across the room. Teammates race with a spoon full of jelly beans, drop them in the basket, and race to pass the spoon to the next player.

Peeps Bobbing

Loop string around a Peep. Tie string to a branch so it is above the player's head (or have someone hold the string). Have each player stand with their hands behind their back. First to finish eating their peep wins.

Silent Egg

Everyone stands in a large circle. One egg is tossed around the circle clockwise. When the egg gets back to the beginning, everyone steps back to widen the circle. If you drop the egg, talk, or make noise, you're out. Last remaining player wins.

Carrot Toss

Place a basket or bucket on the lawn. Each player needs a carrot. Toss the carrot into the basket. Closest carrot wins.

Egg Fishing

Fill several plastic eggs with magnets. Number the eggs to correspond to a prize sheet. Place an additional magnet on a fishing pole and fish for eggs.

Egg Race

Place an egg on a plastic spoon in each player's mouth. Players race along a preset course. Players must restart every time the egg falls.
